

FFCRA COVID-19 Paid Sick Leave Chart

The FFCRA's paid leave provisions began on April 1, 2020, but knowing if your employees qualify can be tricky.

[Easily determine if your employees qualify for paid sick leave with this helpful chart.](#)

Safety Updates

Rolling Scaffolds

Rolling scaffolds are among the most popular pieces of construction equipment for their versatility and balance. However, if used improperly, some of the hazards can lead to personal injury or death including falls from elevated levels, tip-overs, electric shocks, and collapses.

To learn rolling scaffolds safety standards, please [click here](#).

Emergency Medical Services

California Occupational Safety & Health Administration (Cal/OSHA) regulation 8 CCR § 1512 specifies that first-aid supplies must be made available to all employees.

Journeyman Upgrade Training

Because of COVID-19, any journeyman upgrade training must be scheduled **by employer** through our Apprenticeship Administrator.

To schedule a class, please do the following:

- There is a *minimum* of 10 members and *maximum* of 20 members needed in order to schedule a class.
- Face masks are required.
- Lunch is *not* provided so attendees will need to bring their own lunch.
- Safety protocols will be followed while on the premises.

As of now, the classes available are:

- Boom, Scissor Reach Fork with Traffic Control Flagger
- Fixed and Suspended Scaffold with Fall Protection
- Hoisting, Rigging and Signaling
- Spyder Crane
- CPR/First Aid

Also, the following have mandatory pre-requisites of Hoisting, Rigging and Signaling and Spyder Crane:

- NCCCO Mobile Crane Operator Written Test Prep
- 4 days total, 2 Saturdays and 2 Sundays
- NCCCO Practical Test Prep and Test
- 2 days, Saturday and Sunday
