

New Cal/OSHA COVID Revisions Available

The Cal/OSHA Standards Board has published the latest version of COVID emergency temporary standards revisions ahead of a June 3rd vote.

The revisions include more information regarding fully vaccinated employees and how employers must abide by these rules and accommodate unvaccinated employees.

North American Contractors Certification (NACC)

The [North American Contractor Certification \(NACC\) Program](#) is the glazing industry's only third-party, ANSI accredited recognition of architectural glass and metal contractors who consistently demonstrate business and operational excellence. It aims to establish a baseline for competency, business practices, and industry-accepted guidelines for glazing contractors.

We've seen great growth with this program, including being referenced in specifications 279 times in the last 2 years (as of May 4, 2021). This includes MasterSpec.

[To learn more about the benefits of NACC, click here.](#)

[If you're ready to start the process, click here.](#)

If you have questions or would like a more detailed review of this program, please contact [Travis Nevins](#).
