ARTICLE TWO GENERAL CONDITIONS

Section 1. When an employee is required by the performance of his duties to incur parking expenses because no free parking is provided in the immediate vicinity of a job site, and no car pool or pooling is practical, the Employer shall pay for such reasonable parking expense incurred, provided the employee submits a parking check stub establishing the actual cost of parking. Reimbursement for parking expense to be paid no later than the next pay period.

Parking should be provided within five blocks of the gang box or muster point. Five blocks is equal to a quarter of a mile. If no parking is available within the five blocks the employee will be compensated at his regular rate of pay for the time it takes to walk from the place of parking to the gang box or muster point. When satellite parking is utilized the employee shall be compensated at his regular rate of pay for all time spent traveling to and from the satellite parking location.

This provision shall apply to hiring, placement for employment, training during Employment, rates of pay, or other forms of compensation and benefits, selection for training, including apprenticeship, layoff or termination and applications for admission to Union membership. It is the intent of the parties to comply with all state, federal and local laws regarding no discrimination in the workplace. All Grievances alleging a violation of this Section shall be furnished to the other party in writing. If no satisfactory settlement is reached by Article Five, Section 3 of the Grievance and Arbitration Procedure, such grievance shall not be subject to the last step in Article Five, Section 3 and all other sections of grievance and arbitration. But may be the basis of a complaint before the Federal or State Agency, which has jurisdiction over the subject matter.

Section 3. The Employer agrees not to require any employee to work overtime on any day where there is a State, Federal, Union election, or a By-Laws or Contract ratification meeting. The Union agrees to notify the employer of such Union elections at least five (5) days in advance of same.

District Council 36 acknowledges that all information gathered through the job registry shall remain confidential.

Section 7. Top Workplace Performance

Should the same individual be terminated for cause a second time within a twenty-four (24) month period, his or her hiring hall privileges shall be suspended for two months. Should the same individual be terminated for cause a third time within a twenty-four (24) month period, his or her referral privileges shall be suspended indefinitely.

A termination shall not be considered as “for cause” for purpose of this provision if the person referred for employment has filed a grievance challenging the propriety of his or her termination, unless and until the grievance is resolved in a manner that affirms the termination for cause. For the purpose of this provision, a decision of the Joint Conference Committee and/or an arbitrator shall be final and binding.

The provisions in subsections (a) and (b) notwithstanding, a Termination Review Committee, composed of the members of the Joint Conference Committee [or, alternatively, if there is no Joint Board, “composed of two (2) members appointed by the Business Manager/Secretary-Treasurer of the District Council and two (2) members appointed by the Employer Association’] may, upon written request of the applicant, vacate or reduce the period of suspension should the Committee determine, following inquiry or investigation, in its sole and complete discretion, that equity requires such action.

ARTICLE THREE PAY CONDITIONS

Section 1. An employee shall be paid at least once a week, on an hourly basis, and in accordance with the terms of this Agreement. Employers may pay employees utilizing a paycheck or direct deposit. Paychecks and or paystubs shall be distributed by the Employer on a regular established payday, and no more than one week’s pay held back. Online paystubs must be available for print on payday. If an employee is not paid by the end of the shift of the regular payday, the Employer shall pay a penalty for all waiting time. The penalty shall be eight (8) straight time hours of pay per calendar day to the employee until the employee has been paid in full. The above penalty shall not apply where the Employer’s failure to pay is due to circumstances beyond the Employer’s control.

Section 2. An employee who is laid off, discharged, or who resigns shall be paid in full for his services in accordance with State law. If the Employer requires any employee on a job site to pick up his check at the employer’s place of business, he will be compensated in full for his time and mileage at straight time pay.

An employee who agrees in writing to have the Employer mail his pay check, waives his right to waiting time pay, unless the check is not received by the employee within five (5) working days.

Section 3.

(a) The Union shall have the right to inspect the paycheck of any employee covered by this Agreement after a paycheck has been returned by the bank.

(b) The Union shall have the right to inspect and review at a reasonable time, during working hours, at the Employer's premises, or any location where the Employer's records are maintained, all payroll records and time sheets and all other records, papers, or documents of the Employer which relate to the terms and conditions of this Agreement. In the event the results of such inspection or audit establish that the Employer has violated any wage payment, or Trust Fund contributions, or any term or condition of this Agreement, the Employer shall be liable for the costs of such audit, including legal and accounting fees.

Section 4. The Employer shall have available records setting forth the number of hours worked, and complete individual payroll information for each employee on a quarterly basis and will submit time records on specific jobs when requested, and punched time cards or time sheets filled out and signed by the employee.

Section 5. If an Employer pays an employee by check, draft, or voucher, and such check, draft, or voucher is subsequently refused payment because the Employer has insufficient funds on deposit or no account with the bank or institution, in which case the employee shall receive his regular straight time pay for all waiting time until he is paid in full, unless it's a bank error beyond the control of the employer. The Employer will reimburse the employee for the bad check charge. In addition, the Employer shall be required to pay all employees covered by this Agreement for the remainder of this job by Certified Check or Money Order.

ARTICLE FOUR MANAGEMENT RIGHTS

Section 1. Management functions and the exercise thereof shall be unqualified and shall remain exclusively in the Employer and shall include all matters not limited by this agreement, as well as the following to the extent that the following are not limited by the terms of this Agreement.

(a) To hire, promote, assign to shifts, discipline, maintain efficiency, increase or decrease the work load, determine the number of employees to perform the work, demote, suspend, or discharge employees for cause.

(b) To determine the type and nature of work to be performed, to direct the job site work force, to select supervisory employees, the schedule of working hours and work days, processes and means of manufacture, to select material and equipment to be used or installed, to determine the work methods, procedures and techniques of construction, to establish, promulgate, enforce and amend reasonable company policy and safety rules.

(c) The Employer will have the right to impose discipline, including possible termination of employment when the employee doesn't comply with written company policy.

ARTICLE FIVE GRIEVANCE AND ARBITRATION PROCEDURE

Section 1. A grievance is defined as any dispute between the Employer and any Employee covered by this Agreement or the Union and the Employer concerning the application or interpretation of any term or condition of this Agreement as well as the claims set forth in Section 12 below.

Section 2. The Union may file a grievance directly with the Employer and if the grievance is not resolved, then the Union or the Employer may refer the grievance to the Joint Conference Committee. To be timely filed, a grievance must be filed in writing within fourteen (14) calendar days of the occurrence of the alleged violation of this Agreement, excluding violations found through an audit.

Section 3. A grievance involving an employee may be taken up by the Union Steward directly with the Employer's Representative. If the Union and the Employer are unable to resolve the grievance, then the Employer or the Union may submit the grievance to the Joint Conference Committee.

Section 4. A Joint Conference Committee shall be established under the Collective Bargaining Agreement between the Southern California Glass Management Association and the Union. The Association and the Union shall each appoint three (3) Representatives to constitute the Joint Conference Committee. Each Employer signed to this Agreement agrees to accept the jurisdiction of the Joint Conference Committee and be bound by a procedures and determination and awards made by the Joint Conference Committee regarding any dispute or grievance under this Agreement.

Section 5. The Joint Conference Committee shall meet within ten (10) days after a grievance or dispute has been submitted to the Committee by either the Employer or the Union.

In the event that the Joint Conference Committee fails to meet within the above time limit or obtain a mutually agreed upon extension not to exceed an additional ten (10) days, either party may then submit the grievance or dispute directly to arbitration in accordance with procedures set forth in this Article.

Section 6. Following the appointment of the members to the Committee, the Committee shall select a Chairman and a Secretary to serve during the term of the Agreement, or until replaced by the action of the Committee. Either the Union or the Association may appoint, at any time, an alternate member to act in the place of a regular member of the Committee.

Section 7. Upon a grievance or dispute being referred to the Joint Conference Committee, the Committee shall call a meeting as required by this Article, and hold a hearing regarding the grievance or dispute. The Joint Conference Committee shall notify both parties as to the grievance or dispute and specify the nature of the grievance or dispute and of their right to present witnesses

and evidence at the hearing. The parties shall be allowed to present witnesses and argue their position concerning the grievance or dispute. Upon the completion of the testimony and the evidence, and upon the closing of the hearing, the Joint Conference Committee shall issue a decision by a majority vote within ten (10) days after close of the hearing, which shall constitute an award which shall be final and binding upon the Union, the Employer and any employee involved in the grievance or the dispute, and upon the Association. The Joint Conference Committee, in issuing a decision, shall have the jurisdiction and authority to fine any party in violation of this Agreement, and to issue a determination with an appropriate remedy that may include payment for loss of wages, Trust Fund contributions, damages, or a specific order directing the party to comply with this Agreement.

Section 8. In the event the Joint Conference Committee cannot reach a decision, either the Union or the Employer may submit the grievance or dispute to arbitration. Any party desiring to submit the dispute or grievance to arbitration must notify the Secretary of the Committee, in writing, that the party desires to proceed to arbitration within ten (10) days after the meeting or notice by the Committee that a decision has not been reached. Upon such a request, the Joint Conference Committee shall select an impartial arbitrator. In the event the parties are unable to agree upon an impartial arbitrator, they shall request the Federal Mediation and Conciliation Service to submit a list of seven (7) persons qualified to act as the impartial arbitrator. Upon receiving the list, the Employer and the Union shall select an arbitrator within five (5) days after receipt of the list by striking three (3) names from the list. The party to strike first from the list will be selected by lot.

Section 9. The impartial arbitrator shall hold a hearing as soon as practicable, and following the conclusion of the hearing shall issue an award which shall be final and binding upon the Union, the Employer, the Association and any employees involved in the grievance or dispute. The arbitrator shall render his award within thirty (30) days after the conclusion of the hearing.

Section 10. All expenses of the arbitration, including the fees of the arbitrator, and the cost of any transcript, shall be paid equally by both parties. Should either party request a copy of the transcript of the hearing, the requesting party shall incur the cost of the transcript.

Section 11. The arbitrator shall have no authority to modify, amend, revise, add to, or subtract from any of the terms or conditions of this Agreement.

Section 12. The following claims and claims for associated penalties shall be resolved exclusively through the procedures set forth in this Article Five, and shall not be brought in a court of law or before any administrative agency such as the California Labor Commissioner: all claims arising under the Fair Labor Standards Act, the California Labor Code and the Industrial Welfare Commission Wage Order 16.

It is mutually agreed that this Agreement prohibits any and all violations of the sections of the California Labor Code that are listed in section 2699.5 of the California Labor Code and would be redressable pursuant to the Labor Code Private Attorneys General Act of 2004 (“PAGA”). Such claims shall be resolved exclusively through the procedures set forth in this Article Five and shall be brought in a court of law or before any administrative agency such as the California Labor Commissioner. This Agreement expressly waives the requirements of PAGA and authorizes the

arbitrator to award any and all remedies otherwise available under the California Labor Code, except the award of penalties under PAGA that would be payable to the Labor and Workforce Development Agency.

For rest period and meal period claims and/or claims for unpaid overtime wages, the time limit for bringing such claims is the time limit for bringing grievances under this Article Five. For all other claims covered by this Section 12, the intent of the parties is to use the shortest time limit permitted by applicable law, as determined by the arbitrator. All substantive and procedural rights applicable to mandatory arbitration of employment claims shall be observed, (e.g., the right to more than minimal discovery, payments of costs by the employer, a written award, etc.). The arbitrator shall manage all such claims with due regard for the rights of the employees and the inherent advantages of arbitration over court proceedings.

Statutory claims described above brought by the Union shall be initiated by written notice within the contractual limitations period and shall be resolved through the process set forth in this Article Five. Statutory claims described above brought by an individual employee shall be initiated by written notice within the statutory limitations period delivered to the employer with copies provided to the Union and the Employer Association, and shall be resolved through the process set forth in this Article. In the latter case, the Union and Employer Association shall provide the employee and employer with the panel of impartial arbitrators' contact information upon request. Once a grievance is filed by an individual employee, the Union, the aggrieved employee, and the Employer shall meet within ten (10) calendar days, or other time as mutually agreed upon, to discuss and attempt to resolve the grievance. Should the grievance not be satisfactorily resolved to the satisfaction of the aggrieved employee within the foregoing time frame, the aggrieved employee may proceed directly to arbitration with the impartial arbitrator selected by the aggrieved employee and the Employer using the alternative striking method. In such case, the Union shall be permitted, at its sole discretion, to intervene in the proceeding, appear at the arbitration, and present its position as to the proper interpretation of the Agreement, if relevant.

The impartial arbitrator shall have the authority to consolidate individual statutory claims for hearing under this Section 12 of this Article but shall have the authority to fashion a proceeding as a class, collective or representative action, except with respect to PAGA claims as provided in this Section 12, or to award relief to a group or class of employees in one grievance or arbitration proceeding.

If a court of competent jurisdiction finds any term or clause in this Article Five to be invalid, unenforceable, or illegal, such a term or clause may be revised to the extent required according to the opinion of the court to render this Article valid and enforceable so as to preserve the Article and the Parties' intent to the fullest possible extent.

This Article applies to any representative PAGA claims, class, and/or individual claims that arise or are pending during the term of the parties' current agreement, regardless of when they were filed with any court or administrative agency.

Section 13. In the event of a failure by an Employer to comply with any award or decision of the Joint Conference Committee or an impartial arbitrator, then the Union need not proceed through the

grievance and arbitration procedures set forth in this Agreement, and in such case the Union may resort to economic and/or legal action, including withholding of service, a strike, picketing and boycotting concerning such claim for wages or fringe benefits. Such rights shall exist in any case where the Union claims that there has been a violation of Agreement by the Employer regarding the failure to pay wages, fringe benefits, or to comply with a decision and award of the Joint Conference Committee, or an impartial arbitrator. In such case, the Union, before resorting to any economic action, will give the Employer two (2) business days written notice by wire or Registered Letter with "Return-Receipt Requested" of its intention to take such economic action. If such notice is given, a copy of the notice shall be mailed simultaneously to the Southern California Glass Management Association. For the purpose of this Section, the terms "wages" and "fringe benefits" shall apply to all terms and conditions set forth in this Agreement that are Employer cost items and shall apply to all premium pay conditions and all other items within the definition of wages. This Section shall not apply to any grievance or dispute concerning job description or the appropriate regular wage rates required as related to job descriptions.

Section 14. In the event the Union takes economic action concerning the enforcement of the Agreement regarding the Employer's payment of wages or fringe benefits, including contributions to any Trust Funds, or an award of the Joint Conference Committee, or an arbitrator, then the Employer shall be liable to pay the wages and fringe benefits lost by each employee due to the strike called by the Union in order to enforce the Agreement up to a maximum of two (2) weeks. The amount of wages and fringe benefits to be paid to such employees shall be equal to the amount of wages and fringe benefits the employees would have earned if they had not been called off the job up to a maximum of two (2) weeks, based on the Employer's failure to comply with a Joint Conference Committee, or an arbitrator's award.

ARTICLE SIX NO STRIKE OR LOCK-OUT

Section 1. During the life of this Agreement, there shall be no stoppage of work, strike or lockouts except as specifically permitted by Article Five, Section 13. Employees covered by this Agreement shall have the right to respect any legal primary picket line validly established by any bona fide labor organization, and the Union party to this Agreement has the right to withdraw employees covered by this Agreement whenever the Employer party to the Agreement is involved in a legitimate primary labor dispute with any bona fide labor organization.

ARTICLE SEVEN STEWARDS AND BUSINESS REPRESENTATIVES

Section 1. No Business Agent, Special Representative or Steward shall be discriminated against for performing his duties under this Agreement.

Section 2. A Steward shall be a working employee selected by the Union who shall, in addition to his regularly assigned work, be permitted to perform during working hours such of the Steward's duties as must be performed. The Union agrees that such duties shall be performed as expeditiously

as possible, and the Employer agrees to allow the Steward a reasonable amount of time without loss of pay for the performance of his duties, including, in addition to his normal duties, obtaining information on safety and sanitation. The Union shall notify the Employer or his representative, in writing, of the appointment of the Steward. The Employer can layoff or discharge a Steward, for cause only, and the Employer shall notify the Union of his intention to do so. The Employer agrees that the employee selected as the Steward shall remain on the job as long as there are four (4) or more employees, including the Steward, covered by this Agreement. The Employer agrees to notify the Union, in writing, two (2) full working days prior to laying-off the Steward. The Steward shall not be discharged or laid off for the performance of his duties as a Steward.

Section3. Authorized Representatives of the Union shall be allowed to visit any job or shop of the Employer and such Representatives will not interfere or slow down any work operations. The authorized Union Representative shall notify the Employer, or his designated Representative, when he arrives and leaves the shop of the Employer.

ARTICLE EIGHT UNION LABEL

Section 1. The Employer agrees that the Union label, as furnished by the Union, may be displayed on all job sites and may be placed on all work performed by members of the Union, and such Union label shall be in the custody of the Union.

Section2. The work that is required to carry the Union label shall be subject to mutual agreement between the Employer and the Union.

ARTICLE NINE EMPLOYER'S QUALIFICATIONS

Section 1. The Employer shall carry all required Federal, State, County and City licenses or permits or certificates necessary for the legal operation of the Employer's business as well as compensation insurance against accidental injuries as provided by the laws of California and shall submit proof of coverage to the Union upon request. The Employer shall, in the operation of Employer's business, meet all the requirements of the laws, ordinances and rules and regulations of the Federal, State, County and City governments. The Union shall sign no agreement with an Employer without inspection of all documents which verify the required licenses and permits, including the assigned certified numbers, and this information shall be entered on the Signature Page of the Labor Agreement. A member of the Union and/or employee may not operate as an Employer without complying fully with all the provisions and requirements of this Article.

Section 2. The Employer may identify all of his trucks or vehicles that are used on the public highways in the Glass and Glazing Trade with a sign permanently affixed bearing the name of the Company, with lettering on each side of the truck and legible at fifty (50) feet, or at the Employer's option, he may identify his vehicles with decal furnished by the Union bearing the Union's logo.

ARTICLE TEN
DISABILITY-INDUSTRIAL INJURIES AND SAFETY

Section 1. (a) The Employer agrees to pay the regular rate of pay to an employee, or a prospective employee dispatched by the Union upon the Employer's request, for the time he spends in obtaining medical examinations.

(b) The Employer agrees to pay the regular rate of pay for the balance of the day to an employee who sustains an injury arising out of and occurring in the course and scope of his employment and is sent home by the doctor.

(c) The Employer agrees to pay the regular rate of pay to an employee for any treatment or medical examinations arising out of an industrial injury, up until said employee has received a full and final medical release.

Section 2. The Employer shall not discharge or discriminate against any employee under this Agreement because of any valid industrial injury incurred during employment or based on an employee filing of a valid claim for Workers' Compensation benefits.

Section 3. The Employer will place an employee, released to return to work from an industrial injury, on a restricted basis in an appropriate job, if such work is available, at his regular rate of pay provided the employee submits a written doctor's statement certifying that he is capable of performing the work.

Section 4. The Employer agrees not to discharge, threaten to discharge, or in any other manner discriminate against any employee because the employee has filed or made known his intentions to file an application or complaint with the Workers' Compensation Appeals Board, or because the employee has testified or made known his intentions to testify in any proceeding held by the Workers' Compensation Appeals Board.

Section 5. An employee who is able to perform work in the plant or for the Employer at the job site shall not be discriminated against regarding the employment based on any physical examinations required by the Employer.

Section 6. Section 3. Time is of the essence on contributions by an Employer into any or all of the Trust Funds. The parties recognize and acknowledge that the regular and prompt payments of amounts due by an Employer, to any or all of the Trust Funds, is essential and that it would be extremely difficult, if not impracticable, to fix the actual expense in damages to the Trust Funds and to the employee which will result from the failure of an Employer to make the required contributions in full within the time provided, and without becoming delinquent. Therefore, the parties agree that if the required contributions of an Employer shall become delinquent, as defined in Section 1 above, the amount of damage resulting to any Trust Fund or Trust Funds from any such delinquency shall be, by way of liquidated damages, and not as a penalty, a sum to be determined by the Trustees for each employee per Fund covered by the terms of this Agreement, and the aforesaid Trust provisions for each failure to pay in full within the time provided for herein, for each monthly period for which payments are required to be made, as provided for hereinabove. The amount of liquidated damages, so fixed and computed, shall be added to and become a part of the Employer's required contribution due and unpaid to the Trust Funds, hereinabove, referred to in Section 1.

Section 4. If the required contributions of an Employer become delinquent, as provided in Section 1 above, in addition to the amount due as liquidated damages, there shall be added to the obligation of the delinquent Employer, all reasonable expenses incurred by the Trust Fund or Trust Funds involved in the collection of the delinquency and the liquidated damages including, but not limited to, reasonable attorney's fees and accountant's fees, cost of attachment and execution, bond, receivers, and court costs.

The Union will have a right to go to the Trust Funds Sub-Committee for a possible variance of this Section.

Section 6. The rights and remedies against a delinquent Employer, as set forth above, are not exclusive, but are cumulative, and nothing, herein, shall prevent the Union or the Administrator, Trustees, or governing body of the Trust Fund or Trust Funds involved, from taking other legal

action against a delinquent Employer, including but not limited to, the bringing of a civil action or the filing of a complaint with the Labor Commissioner of the State of California.

Section 7. The Employer agrees that he does irrevocably designate and appoint the Trustees duty designated and appointed by the Southern California Glass Management Association of Los Angeles and vicinity, hereinafter referred to as the “Association”, to serve as Trustees representing Employers on the 401(k) Plan for the Southern Nevada and Southern California Glaziers and Fabricators Pension Trust Fund; Southern California Glaziers, Architectural Metal and Glass Workers Health and Welfare Trust; Finishing Trades Institute of District Council 36 Joint Apprenticeship Training Trust Fun; Glaziers Disability Fund; Southern California Glass and Glazing Industry Trust, and Southern California Glazing and Architectural Metal Industry LMCC Trust, to serve as the Employers Representative on each of the Trust Funds and does waive any other right to be represented, participate in, or direct the activities, disbursements and obligations of the Trust Funds.
