

Architectural Glass & Metal Technician (AGMT) Program Introduces Spanish Test

North America's only third-party personnel certification program for glaziers, the Architectural Glass and Metal Technician (AGMT) certification program has introduced a Spanish version of the Knowledge-Based Test (KBT). The ability to test in Spanish removes reading comprehension and writing language barriers to bilingual glaziers who may not feel comfortable testing in English. The Spanish test is now available anytime the English test is administered.

For immediate release, contact **Jeff Dalaba**, AGMT Program Administrator at Jeff@amscert.com or 315.646.2234 ext. 218.

Past Event: Construction Contracts 101 Webinar Series

In July, we held our Construction Contracts 101 Webinar Series presented by Peter Ryan, Esq. and Aaron Flores, Esq., partners at FloresRyan, LLP. This presentation provided an overview of construction contracts and payment remedies involved with public works and private works. Part 1 highlighted public works remedies while part 2 focused on change orders, Mechanics Liens and bond claims when engaging in private works.

Attendees - we would like to get your feedback on this event. To complete the survey for Part 1 on Public Works Remedies, [Click Here](#). For Part 2 on Private Works Remedies, [Click Here](#).

Presentation materials and recording are now available. To view the webinar recording, please email Rowanne Khafagy at rkhafagy@thewpcca.com
