

## Membership Benefit: Weekly Safety Meeting Outlines

Safety is a top priority in our industry and safety meetings are actually mandated by our CBA.

Per the CBA, Article 10, Section 10, page 13 - *"Each Employer will be required to hold a weekly safety meeting with the employees working on any job site or in the shop. The Employer will be required to provide a sign-in sheet to verify attendance by their employees. These sign-in sheets will be available for inspection by any authorized Agent of the Union."*

As a reminder, your benefits include a free subscription to [Safety Meeting Outlines](#), a service that provides relevant weekly safety meeting outlines that you can use to save time and help guide your regular safety meetings.
