DOCUMENT CRUNCH DEMO

📅 TUESDAY, OCTOBER 7 **🕐 11 AM – 12 PM PT** **📍 ZOOM**

Join us for a live demo of Document Crunch, the industry's leading AI-powered risk platform built to simplify complex contracts and project documents, accelerate decision-making, and keep projects moving forward. Document Crunch empowers your team to quickly review contracts, specifications, and other critical project documents.

With Document Crunch, you'll learn how to:

- **Accelerate bid evaluation** – quickly assess contract risks and identify deal-breakers in minutes, not hours
- **Simplify complex contracts** – surface hidden risks, gaps, and obligations that could impact budget, schedule, or exposure
- **Streamline team effectiveness** – reduce legal bottlenecks, improve onboarding, and give everyone access to contract intelligence
- **Strengthen compliance & change order management** – ensure obligations don't slip through the cracks and protect revenue with scalable tools
- **Empower field teams** – bring proven back-office risk review intelligence to the job site with practical tools for daily decision-making
- **Improve operational efficiency** – proactively manage risk, streamline workflows, and keep projects moving forward from bid to closeout
- **Leverage CrunchAI™ Checklists and Playbooks** – gain actionable insights in seconds to guide smarter, faster decisions
